Cellular Telephones

The Board recognizes that the use of cellular telephones may be appropriate to provide for the effective and efficient operation of the NWRES D and to help ensure safety and security of NWRES D property, staff, and others while on NWRES D property or engaged in NWRES D-sponsored activities. To this end, the Board authorizes the purchase and employee use of cellular telephones, as deemed appropriate by the superintendent or designee. The administration will determine those employees authorized for cellular phone use. The superintendent is directed to develop administrative regulations for the implementation of this policy.
