

EDUCATOR INTERNSHIPS 2006

Benefits to YOU – the EDUCATOR:

Educators that participate in internships benefit in numerous ways from their experience.

- **Competitive pay for interesting work**
- **Graduate credits and Professional Development Units (PDU's)** available
- Improved **ability to advise students** about career choices
- **Renewed commitment** to students and education
- **Curriculum enhancement** using **first-hand perspectives**

"I gained real work experience in identifying and responding to an organization's needs. I have more confidence and inspiration in using technology in my teaching." – Kym Buchanan, Educator Intern

Apply Your Talents in a Variety of Ways:

Over the past 22 years, educator interns have contributed to business productivity in numerous ways:

Business Service Areas

Marketing
Public Relations
Logistics
Business Analysis
Accounting/Finance

Technology Roles

Computer Technician
Software Test Engineer
Web Page Designer
Help Desk Programmer
Lab Researcher

Special Projects

Regression Analysis
Development of training modules
Event Planning
Project/team support services
Process improvement plans

"I was exposed to new career paths and found new perspectives. My students benefit from my enthusiasm and understanding that everyone follows a different career path."- Kristin Kuntz, Educator Intern
